**You know they want a vacation.**

**But they can't decide when or where.**

## TRAVEL GUARANTEE

MBSC guarantees the price of your vacation at the time of booking. You will never pay more, even if the market price for your package increases dramatically. When your deduction period is complete and you're ready for your trip, we will provide you with the lowest possible rate for your package. If we can access a lower rate than the amount originally quoted, you'll pay the lower price. We will then refund the difference or apply it to your account for future travel.

The sooner you sign up, the sooner you get away.

### Frequently Asked Questions

**Q.** Do I have to decide the exact ship or resort and travel date right now to start my deductions?

**A.** No! As long as you determine the season in which you wish to travel, your room type or cabin and deck selection and the duration of your vacation, you don't have to decide the exact ship or resort and travel date until ninety (90) days prior to the end of your deduction period.

**Q.** What if I can't decide yet which season to travel

or even where I want to go?

**A.** You know you want to go on vacation. But you don't know exactly when or where. With the CareFree Program there's no rush. You can begin payroll deductions now and select your vacation later. Simply elect to make a fixed payroll deduction each month in increments of \$25 (\$50 minimum). Your funds will be held in an escrow account and accrue interest which is applied to your balance. You can use

your funds any time to book a vacation. If the funds are not sufficient to pay for the vacation you select, your monthly deduction amounts can be increased and spread over a suitable period prior to travel. If your accrued funds are greater than the price of your vacation, we'll refund the difference or apply it to your account for future travel.
